Offers only available in metropolitan Adelaide and unless otherwise specified, expire on 31 July 2013. All installed prices and offers are subject to site inspection. Where applicable, all installed offers assume sufficient access for installations, adequate power supply, adequate gas supply, accessibility to an existing safety switch, existing power point, single storey home. 1. Based on an inbuilt replacement installation into a sound masonry chimney fireplace with no alterations, with starter flue, chimney plate, gas cowl, adequate gas supply. **2.** Based on a console replacement in the same location on an external wall free to atmosphere on the outside, with horizontal flueing, adequate gas supply. **3.** Eftpos gift card offer available from Rinnai. Purchase selected products during promotion period ending 14 July 2013. Retain proof of purchase and note serial and model numbers. Go to www.rinnai.com.au for all Eftpos gift card details. Follow the links to complete online application. Eftpos gift card applicable to the Rinnai Ultima II, Energysaver 559 and 561 to the value of $200, Rinnai Energysaver 309 to the value of $150 and Rinnai Spectrum and 2001 to the value of $100. Eftpos gift card does not act as a discount off the total product price and cannot be redeemed for cash. See www.rinnai.com.au for full terms and conditions. **4.** Envestra natural gas rebate terms and conditions apply see www.maketheconnection.com.au. The Natural Gas heating rebate is available where homeowners purchase and install a new, not replacement, natural gas heater in an existing property. Rebates are available on new natural gas ducted central heating systems, new natural gas log fires, space heaters and wall furnaces. A natural gas hot water rebate is available where homeowners upgrade their electric, solar or LPG hot water service to natural gas. To receive rebate purchases must occur by 31 August 2013. A limit of one rebate for each category of appliance is available per property. **5.** Based on back to back installation and includes up to 3m of pipe and 15m of electrical cable. Any extra pipe and/or cable will incur an additional cost. **6.** Heater must be in working order. Service only. No parts or service for repair or labour included in the price. Price includes call-out fee and 30 minute appointment for a service only. If repairs and/or parts are required, it may involve another appointment and/or a longer appointment at an additional charge. **7.** Price quoted is for 5 outlets and no zones. Assumes adequate gas supply is available within 6m of the unit. Any extra pipe will incur an additional cost. Assumes single storey home with sufficient roof space. **8.** Price quoted is for 5 outlets with 3 zones. Assumes indoor unit is within 15m of outdoor unit in a single storey home with sufficient roof space. **9.** Based on the replacement of an existing internal electric storage hot water system. Up to 10m of pipe included, any additional pipe will incur an extra cost. Electrical includes a day/night switch (if required) and 10m of electrical cable. Any additional cable will incur an extra cost. **10.** Government Rebates and incentives consist of small-scale technology certificates (STCs) and credits under the Residential Energy Efficiency Scheme (REES). Only for eligible customers and/or applications. See in-store for details. Values of STCs and REES certificates are not set by AGL and may change over time. **11.** Based on the replacement of an existing freestanding gas storage hot water system in the same location. Up to 5m of pipe included, any additional pipe will incur an extra cost. **12.** Based on the replacement of an existing wall mounted gas continuous flow hot water system in the same location with adequate gas supply. Up to 5m pipe included, any additional pipe will incur an extra cost. Electrical includes wiring 1 control pad and the supply and installation of an external weatherproof power point. **13.** Eftpos gift card offer available from Rinnai. Purchase selected products during promotion period ending 31 May 2013. Retain proof of purchase and note serial and model numbers. Go to www.rinnai.com.au for all Eftpos gift card details. Follow the links to complete online application. Eftpos gift card applicable to the Rinnai 26+ to the value of $200, Rinnai Infinity 26 to the value of $150 and Rinnai Infinity 16 to the value of $100. Eftpos gift card does not act as a discount off the total product price and cannot be redeemed for cash. See www.rinnai.com.au for full terms and conditions. **14.** This offer is provided as part of the South Australian Government's Residential Energy Efficiency Scheme (REES) and is only available to eligible households and customers who have not had energy saving devices installed in accordance with the REES scheme. To take advantage of this offer, any weather proofing products must be installed in conjunction with a standby power controller or lighting. All energy credits created by energy efficiency improvements made to your home under this offer must be assigned to AGL. Offer available as long as the REES scheme operates. **15.** Calculations based on a home in Adelaide with 6 light fittings replaced, using their lights for an average of 2 hours per day. Light globe replacement benefits ($73). An AV standby power controller can save around $79 per year ($158 per year for two, on average two AV units are installed – limited to a maximum of 4 per house) and a PC standby power controller can save around $39 per year on energy. Savings calculations are based on an electricity price of 27.8c/kWh as at February 2013, the Victorian abatement values for light fittings and standby power controllers, and the Victorian greenhouse gas coefficient as at May 2012. **16.** Product values are based on the anticipated RRP of the products based on discussions with product suppliers: 6 GE 15W CFL at $5 each, 2 AV standby power savers at around $100 each and 1 PC standby power controller at around $100. Estimated quantity of products based on AGL experience of amounts installed previously and will vary between households. Actual products used may differ from products shown. Offer is subject to availability of stock and postcode service capacity (wait listed until an installation is available in your area).
